2. You are restricted to making two cuts in that piece of paper.
3. You are restricted to taping, gluing or stapling the paper in only for locations.

Things to consider:

- The composition of the sculpture should be interesting from different angles.
- Demonstrate that you took care in the creation of this construction (be neat).
- We are looking for a demonstration of aptitude and creativity.

If a group collaborated on any of the samples included in the portfolio, please clearly indicate what you were instrumental in contributing.

The Architectural Studies selection committee strongly discourages the inclusion of technical/mechanical construction documents in the portfolio.
